DANSANI BATH & SHOWER

CREATE YOUR OWN SANCTUARY

Have you thought about how much time you spend in the bathroom every morning and every evening all year round? And how wonderful is it just once in a while to be able to lock the door and be yourself, as in really yourself? Relax, breathe and enjoy a little respite.

So it is really important that the bathroom is inviting and lends itself to creating the right mood. That the aesthetics are in order and that the style, colours and coherence in the design have been thought about.

Let us help you to create your own personal sanctuary - an oasis that invites you to start each day with a smile. Dive into the catalogue's many inspiring bathrooms and use these as your starting point.

*If something is worth doing,
it's worth doing well*

PETER JUUL CEO, DANSANI

WE FOCUS ON**SUSTAINABILITY****SUSTAINABILITY IN EVERY WAY**

Dansani takes responsibility and takes good care of our environment. We are energy- and consumption-conscious and have always been so - it is part of our DNA. We have dedicated resources when it comes to sustainability initiatives, and we work very closely with our suppliers and are in control of all components that make up our furniture.

Our basis are the 17 UN sustainable development goals.

That means that we generally:

- Develop our products so that their environmental impact in terms of manufacture, usage and, not least, disposal is minimised.
- Use raw materials, water and energy efficiently to reduce the environmental impact. We have, among other initiatives, installed solar panels to generate electricity on the roof of our production facilities and offices.
- Maintain high safety standards for our employees and promote responsible approaches to the environment.

MORE SPECIFICALLY

So what specifically do we do to enable you to make the most sustainable choices? We exclusively focus on solutions that also meet our high quality standards - because long-lasting durability is an important element in a sustainable product. We therefore have 10-year warranties on all furniture and shower solutions. Obviously, it is also possible to repair or swap out individual components which may further extend the life of the product. It may be an electronic driver for lights in the drawer, a drawer front may have been damaged or a PVC seal for a shower door.

But obviously, there are also other elements in play. Below we describe initiatives related to our packaging and in each ranges' inspiration pages you will find specific information about the components and raw materials used in that particular range so that you can make an informed decision.

PACKAGING

We have already replaced polystyrene with recyclable cardboard in the packaging for a large selection of our products and we continually work towards replacing the rest. In addition we have completely eliminated the use of plastic in the packaging of shower enclosures. Through these initiatives we are actively working to create a better future for both you and the environment.

CONTINUE

YOUR JOURNEY

In this Dansani catalogue you'll find lots of inspiration for bringing your dream bathroom to life, along with price lists that lay out all the options when it comes to sizes, finishes, and decors.

We also invite you to keep exploring our website, dansani.co.uk, where you can create your own wish lists, find the perfect retailer and dive into helpful articles on everything from designing a small bathroom to creating the perfect mood.

FORM BASIN

WELLBEING - SEDUCTIVE - PERSONALITY

DANSANI LUNA

With sleek Danish design and intelligent functionality, your Luna bathroom should be inviting. Get out of bed every morning and let the wonderful feeling of wellness take you over.

Luna offers a myriad of opportunities for personal design and decoration using the exact style to match your dreams. Choose from 3 style universes where you can of course mix the different styles to create your own unique bathroom.

Urban, Classic or Vintage. In Luna each universe has different furniture fronts - smooth, framed, fluted, grooved or with integrated handles. With a choice of any colour or a selection of wood decors in the most beautiful shades. Find a basin that fits and don't forget a beautiful mirror and accessories to complete the look. The ingenious accessories make everyday life not just easier but create joy.

In Luna's 3 universes you get both the freedom and the opportunity to decorate your room of wellbeing with passion and personality - and it is designed and produced in Denmark.

MODULAR & MINIMALISTIC

URBAN

Strong, clean lines, that are absolutely unfussy. From simple sets without obvious design details to sharp settings with straight lines to create the look.

CUSTOMISED

FOR YOU

There is a really sharp look to this whole setting which is completely customised for the room. The dark matt rubber-like decor is exclusive and masculine, while the straight lines of the integrated handles complete the sharp look. Note the new Angular basin which is made to measure and available in sizes up to 240cm. Of course you choose whether there should be a single or double basin.

New Angular basin shown here in a made-to-measure version in Dekton® Trilium decor, which contains up to 80% recycled material. Read more on p. 90.

FIND THE CHARM IN ODD ANGLES

The fluted fronts provide fresh opportunities by maintaining the strict design lines, but with a twist in the form of a unique asymmetrical pattern.

«

A sloping ceiling is not a problem, but an exciting opportunity to do something clever. The flexibility of the Luna Urban concept enables you to take full advantage of the various surfaces and angles in the room and create uniform, tailored design solutions to make maximum use of the space.

ADD EXTRA

WOW FACTOR

Dansani mirrors not only look good when you see yourself in them. They are also beautifully decorative in their own right and can create some amazing effects in your bathroom – many of our mirrors have integrated LED lights and lighting control.

The combination of wide colour choice, mirrors, lights and additional elements such as the open shelves and units add a real wow factor to your bathroom.

«

Dial up the look with Present, our cool tinted mirror with shelf.

»

Smart base cabinets with worktops, to complete the look. Choose from 2 interior versions. See more on p. 78.

CUSTOMISED SOLUTION FROM WALL TO WALL

A sharp and cool look that makes clever use of the sloping wall for additional storage while enhancing not just the bathroom but your home. The combination of two cabinets with worktops on both the top and the bottom creates a beautiful and functional wall-to-wall solution. An effective way to make optimal use of the whole room.

The black frame drawer front adds an extra dimension to the space by framing the furniture. We've also added the on-trend Illumi shelf to complete the look.

The Illumi shelf creates coherence in the design while being really practical by offering generous shelf space, beautiful integrated lighting and handy USB ports for charging.

BUBBLE LIGHT

The Bubble light adds a softness to the sharp lines and it is also adjustable in all directions.

CREATIVITY WHERE SPACE IS TIGHT

SMALL & COOL

If your bathroom is only a few square metres in size the minimal style of the Urban universe is perfect for creating a calm and sophisticated look. There are also many creative tips for when there is just room for one small vanity unit and on best using the wall space in general. There may be room for a wall cabinet or two over the toilet, or if you choose a mirror cabinet like the one shown opposite. the room feels larger. Mirror cabinets and wall cabinets provide lots of practical storage space.

A great little setting of Mini Larchetto on a vanity unit with door alongside the new Squircle mirror. Squircle lends softness to the overall look with exquisite lighting that is of course adjustable.

FURNISHING TIP

Lighting and lighter colours make a room larger, like this setting where the furniture has an integrated handle to maintain the minimalist design. Plus we have thought of storage with the deeper bottom drawer in the vanity unit, the mirror cabinet with shelves, USB ports and electric socket and a wall cabinet that doesn't protrude into the room. With everything in drawers and cabinets, a small bathroom is never untidy, but looks light and inviting.

A Handy magnifying mirror with integrated lighting and touch control can be used anywhere. It is shown here in a mirror cabinet with a magnetic holder, and you can take it with you on holiday if you like. It is easy to charge through the integrated USB port.

ODD ANGLES ARE NOT A PROBLEM

You can easily maintain the intensity while keeping it stylish despite the odd angles in this room. The worktop can be customised on-site to fit all oblique angles. Add a wall cabinet and store away the smallest things to keep the look simple.

COMFORT AND FUNCTION

EVERY DAY

Classic means classic in this beautiful combination of green and brass, so the bathroom simply becomes an oasis of wellbeing. Harmony is created when the unit, basin and worktop are customised to fit the alcove exactly. Note the practical wall cabinets, ideal for toothbrushes and skin-care products, which should always be handy without cluttering up the worktop.

There are a multitude of elegant, practical details that will make you smile every time you enter the bathroom.

BRING NATURE INDOORS

A classic Nordic setting with grooved fronts in light oak veneer and the elegant Refined legs. The open shelf in black ensures a beautiful coherence in this natural look.

Have extra task lighting over the basin with an LED under-light, shown here on the Style mirror cabinet.

Order your drawers with built-in lighting or add the rechargeable drawer lighting yourself afterwards.

The glass shelves can be positioned to suit the height of your perfumes and creams.

There is plenty of space in the mirror cabinet for all the things you use every day, plus a socket with USB port, e.g. for an electric toothbrush. The magnifying mirror is right where you need it, and the double-sided mirror doors make it easy to check your hair from all angles.

Make it more personal with open modules to display your favourite items.

Simple and stringent - the look created by the Luna Classic integrated handles, which come in black as standard. However if you choose a custom colour for your drawer fronts, we will colour-match the handle.

INVITING IN EVERY DETAIL

A small bathroom can be made more stylish and attractive with a few helpful tips. Feel free to add colour but keep the colour in the same tone.

In this small bathroom the simple integrated handle in the same finish as the drawer front and wall colour creates a stylish connection. It's also easy to make the space feel bigger with decorative mirrors and a practical mirror cabinet. The mirror cabinet has both a power socket and USB ports alongside plenty of shelf space for all your toiletries.

THE PERFECT

BATHROOM

Create a consistent look and feeling, so the bathroom is not just a place where you take a bath or brush your teeth, but a space that is stimulating and inspiring. With the smooth Classic fronts we have created a charming, maritime inspired bathroom where you can enjoy lots of functional features everyday as you dream of the sea.

Towels, laundry, underwear, creams, shampoo and everything else – there must be room for them all. With wall cabinets and tall cabinets you can have a tidy bathroom with a place for everything.

NEW:

Choose from 3 different interior layouts for your new tall cabinet.
Read more on p. 80

DESIGNED FOR ALL

DIMENSIONS

The inspiring universe of the Dansani Luna range is equally beautiful in large or small rooms. Use colours to set the mood, combine with a charming wallpaper for example, and then you have created your very own universe. Give your imagination free rein – Classic is ready to go along with your inspirational ideas and open up new avenues and possibilities.

QUALITY OF YOUR LIGHTING

We have tweaked and fine-tuned the quality of our lighting for years, so we are one of just a handful of suppliers who come as close as possible to daylight quality. You can see yourself in as natural a light as possible – and be satisfied with the results. Good lighting actually adds to our quality of life.

And we have also thought of lighting as a daily aid and source of enjoyment for you. No need to rummage in the dark – get a complete overview with a light when the cabinet or drawer is open.

CE

LIGHTING

UP

Did you know that good lighting adds to your quality of life? It has been scientifically proven. We feel most comfortable in daylight, but on average people spend 80% of their time indoors, so it is vital that the light indoors is as close to daylight as possible. This also applies to the time of day.

Light controls the body's circadian rhythm, so too much light in the evening before bedtime may make it difficult to fall asleep. Controlling the light in your bathroom helps to deal with this challenge. Subdued, reddish lighting does not disturb the body before bedtime. Whereas in the morning, the lighting should be stronger and bluer, because now it's time to wake up, and you need to be able to do your hair and put on make-up so that you look as natural as possible when you go out in daylight.

AT A SINGLE TOUCH

Most Luna mirrors and mirror cabinets have touch control, so that by pressing once on the panel you can change the colour and brightness of the lighting according to the time of day and your needs.

You can combine mirrors, spotlights and pendant lights in a group, so they can be adjusted together at a single touch. Adjusting the mirror lighting will also adjust the colour and brightness of the spotlights and pendant lights. This unique wireless control is simple to set up and doesn't require a Wi-Fi connection – you just need to purchase one receiver unit to connect up to 5 pendants or 4 spots.

LIGHTING AT NIGHT

There is no need to wake up completely, just because you need the toilet at night. Luna vanity units can be fitted with a night-light function with a movement sensor, so an unobtrusive light turns on under the cabinet – just enough for you to find your way without waking up completely.

MOOD WITH NOSTALGIA

VINTAGE

With Vintage you get light and organic design that at its essence sets the stage for a personal and decorative interior style. Here you can mix romance, retro and rounded lines for a feminine, soft look.

The trend is towards more round, organic looks so this is why the Dansani Vintage soft front is introduced. With its soft, rounded edges your bathroom will be warm and welcoming. The integrated handle with its delicate opening completes the design and invites you to play creatively with colours and accessories.

THE LITTLE EXTRA THAT MAKES A DIFFERENCE

With smart storage you can easily keep your bathroom neat and tidy.

Our wall cabinet is ideal for all of your small perfumes and care products – it gives you a great overview and you can add beautiful and practical wooden boxes for storing your very small items. Plus a wall cabinet doesn't take up much space – even in a small bathroom.

The base cabinet makes perfect use of the space under a sloping wall or window and gives you plenty of space for towels and larger bottles such as shampoo. Choose between version A for maximum storage or version B with a removable wooden drawer and a handy laundry basket.

HOW TO AVOID CLUTTER

Plenty of practical storage means less clutter, especially when there are many of you using the space. Tall cabinets for the family towels, underwear and maybe even a practical laundry bag that can easily be pulled out when it's time to get a wash on.

For the tall cabinet we offer different interior layouts - a basic version A with 6 shelves. The 30cm version B has 2 removable wooden trays while the 40cm version B has 3 shelves on the door for easier access to your belongings. Version C has, in addition to the 3 shelves on the door, 2 wooden trays and a smart laundry bag. Choose the width and version that suits your bathroom and your needs.

PANORAMA

BEAUTIFUL & STYLISH

Smile at yourself every day. With a beautiful mirror both you and your bathroom will look great. There are many choices from the popular round mirrors, to beautiful oval models and not least this year's new Squircle, which has soft rounded edges completely in line with current trends.

Real thought has been given to good lighting that is both quality task lighting (for when a beard needs to be trimmed or make-up is to be perfectly applied) and can be dimmed and adjusted to comfortable mood lighting (when the day is over and you are ready for bed). Don't forget that a mirror is not just a mirror. Dansani's mirrors are not only on-trend, functional and beautiful – they are also of very high quality and durability.

STYLE

AMBI

LEVEL

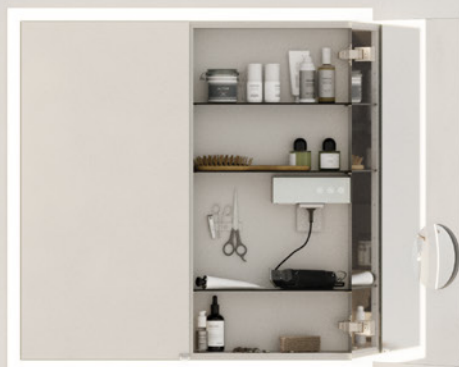

PERFECTLY

FRAMED

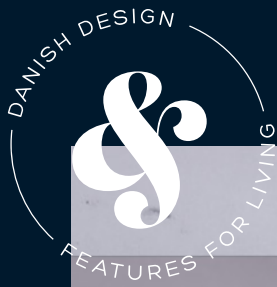

A mirror cabinet is so much more than a gorgeous mirror with storage. Check your hairstyle from behind using the mirror doors, get close up and personal with the magnifying mirror when perfecting your brows.

This is also where you can charge and store your electric toothbrush using the integrated socket and USB ports, and have a complete overview of your face creams and toiletries, etc. You can adjust the light exactly as required, so it beautifully illuminates your face, ensuring that your styling is the way you want it.

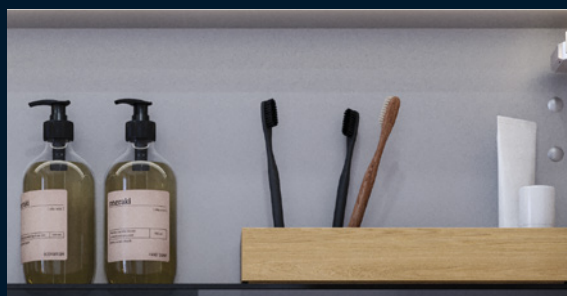

IN-BUILT

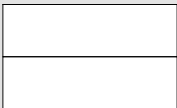

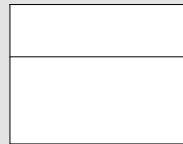

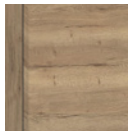

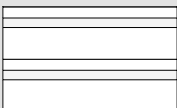

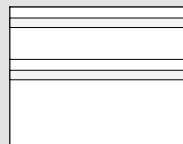

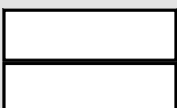

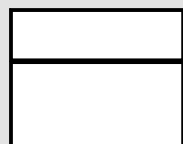

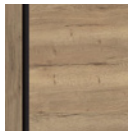

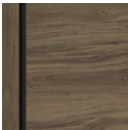

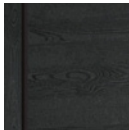

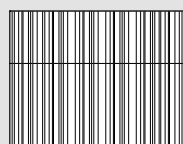

There is plenty of shelf space in Dansani mirror cabinets and you can adjust the shelves exactly as you want on both sides so that they are completely suited to the height of your bottles and toothbrush.

A FULL OVERVIEW OF THE POSSIBILITIES

Here you get the full overview of our 3 design universes - Urban, Classic and Vintage and the associated front types, heights and, not least, which colours and décor you can choose. Please note that you can also choose an open unit for your Classic cabinets. Once you have selected the front type and height of the vanity unit it's time to choose the colour and handle and not least a nice basin.

FIND YOUR

INSPIRATION

Our designers have selected some colours that are in keeping with today's most current interior design trends.

You can choose whatever matt colour (sheen 30) you like from two different colour systems, NCS S (standard colours only) or RAL Classic. You just have to pay a colour set-up fee, payable only once for each colour, no matter how many products you order.

Please note that a colour code can look different depending on brand, materials, finish and light.

For this reason, we recommend that you choose a colour in cooperation with your retailer.

NCS – Natural Colour System® property of and used on licence from NCS Colour AB, Stockholm 2019. The colours might not exactly match original NCS colour samples.

SET THE STYLE WITH HANDLES

Emphasise your style with a beautiful handle that matches your choice of brassware and mirror. If you want it to be timeless, elegant or classic - here you are free to choose. What about, for example, the on-trend new Wing model in bronze colour or one of the new Natura knob style handles in light or dark wood?

A TIP ABOUT SUSTAINABILITY

At Dansani we are always looking to new materials that are better for the environment. The black Button handle is produced using OceanIX Plastic, which is recycled plastic from, for example, old fishing nets.

FULL-LENGTH OR COUNTERTOP

CHOOSE YOUR BASIN

Modern basins appeal to all the senses and with us you get both fully cast and freestanding models. Our basins are available in different sizes and depth projections to suit both large and smaller bathrooms. Choose between models in solid surface, real sanitary porcelain, Silestone® or Dekton®.

MATERIALS & SURFACES

SANITARY PORCELAIN - BASIN

Sanitary porcelain is a strong, ceramic material with a soft and rounded design on all edges in both the basin and the worktop. Surface is hard, smooth and glossy and the rounded edges make it very easy to clean. Sanitary porcelain basins require only minimal maintenance – even after many years of use. Abrasive cleaning agents should not be used on the basins.

SOLID SURFACE - BASIN

The strong solid surface material has a matt and silky surface that is pleasant to the touch. The ultra-thin design provides a minimalist and stylish look that forms a perfect complement to your vanity unit. The solid surface basin is easy to maintain with ordinary cleaning products for the bathroom, however, it does not tolerate abrasive cleaning agents. Minor damage can be repaired.

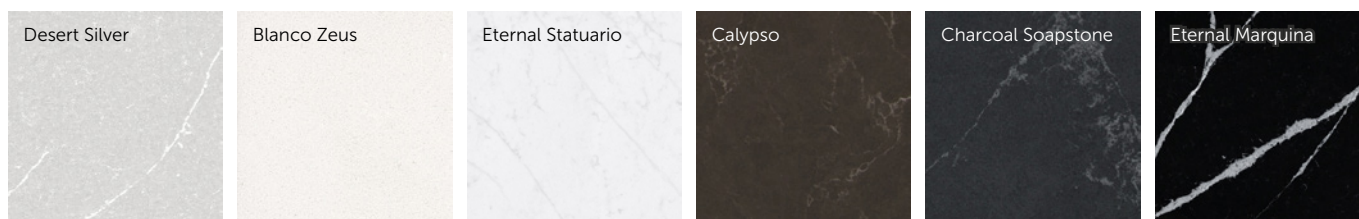

DEKTON® TRILIUM - BASIN + WORKTOP

Dekton® is incredibly strong and the Trilium finish is a CO2-neutral choice that is produced with electricity from 100% renewable energy sources and contains up to 80% recycled material. Dekton® is resistant to heat and shock, it is scratch-resistant and incredibly easy to clean. You can use all usual bathroom cleaners.

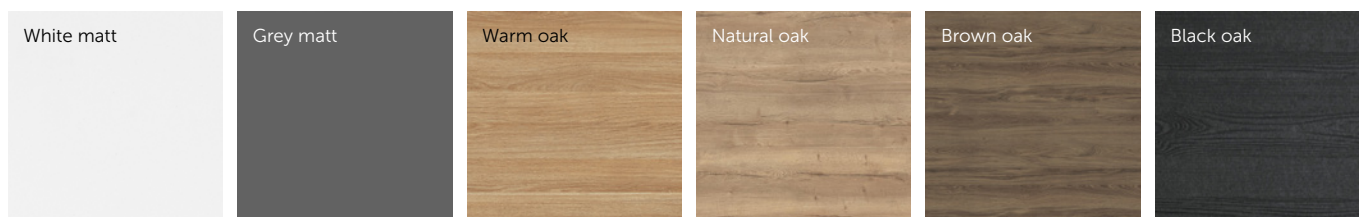

SILESTONE® - BASIN + WORKTOP

Silestone® is a material made from quartz with at least 20 % recycled material. It is as beautiful as natural stone, but has a tough and resistant surface. At the same time, the latest techniques are used to manufacture it, with maximum consideration for the environment, so it is also a sustainable choice.

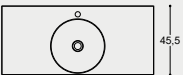

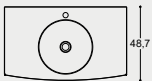

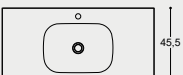

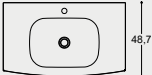

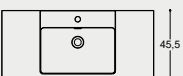

LAMINATE - WORKTOP

For countertop basins you might wish to create a beautiful, uniform look by choosing a wooden worktop in the same decor as your furniture, meaning one of the six laminate decors. The laminate worktop is 25mm and of course matches the quality of our furniture.

BASINS - FOR URBAN, CLASSIC AND VINTAGE WITH INTEGRATED HANDLE

LUNA & THE ENVIRONMENT

MATERIALS FOR CABINETS AND WORKTOPS

The carcass of the cabinet as well as the straight and plain fronts, are melamine-covered particle board. The board consists of 2/3 recycled wood. The particle board that is not recycled for the production of new boards is incinerated and generates energy for production, so nothing goes to waste.

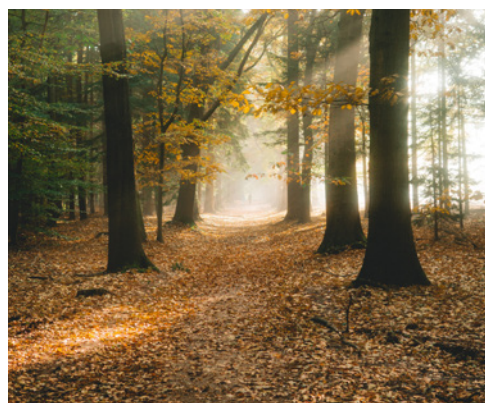

All new wood in our Luna furniture is from sustainable forestry. We now have 93% of all wood material in our furniture certified with full traceability.

Obviously, our goal is 100%.

Dansani A/S is now PEFC Chain of Custody certified - PEFC/09-31-216. By sourcing PEFC-certified wood, we support the sustainable management of forests globally.

We have a plan to offer all our ranges as PEFC-certified, and already now a number of our bathroom furniture is available as PEFC-certified.

Read more specifically about the different fronts under product information.

BASINS AND WORKTOP MATERIALS

In terms of the beautiful Silestone® basins and worktops, 20% of the material is recycled, and for the Dekton® Trilium basin and worktop, up to 80% of the raw material is recycled material. 99% of the water used for production of Silestone® and Dekton® is reused, while the electricity comes from 100% renewable energy sources.

Porcelain basins are durable and are long-lasting and can be crushed for use as road fill or other purposes without the risk of discharging hazardous substances - they can also be recycled to make new basins if a return programme exists.

LIGHTING AND MIRRORS

All light sources are energy-efficient LED lighting with a life expectancy of 20 years with 4 hours of daily use. And when the light has served its purpose, it is easy to dismantle and dispose of in an environmentally friendly and safe way.

All mirrors are of high quality and therefore have a long life.

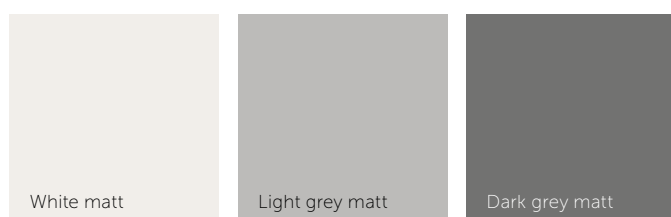

We're constantly introducing new initiatives - stay tuned here.

CUSTOMISED & FLAWLESS

Make the choice to match your own taste and style.
We now offer the smooth glass Form basin, in made to
measure sizes, for our Luna range of bathroom furniture.

PRODUCT INFORMATION

SOLID SURFACE BASINS

Solid surface basins are made from a robust composite material with a waterproof surface that is easy to clean. To maintain the basins we recommend our care set for solid surface basins.

Please note: The slim basin design means the basin must be supported by furniture under the full width.

PORCELAIN BASINS

Porcelain basins are manufactured from genuine sanitary porcelain, a strong, glazed ceramic material. When fired at approx. 1220°C, the glaze melts to form a hard, smooth and glossy surface which is easy to clean.

NOTE ON MINORE BASINS

The Minore basin can be ordered with or without overflow. When ordering a basin without overflow a concealed waste kit, a continuous flow waste or an automatic opening waste must be installed.

SILESTONE® AND DEKTON® WORKTOPS AND BASINS

Silestone® consists of more than 90 % natural quartz and the surface is hard-wearing and easy to clean. The Angular basin is available in the new Trilium decor which as a Dekton® material is produced from recycled material for a lower environmental impact.

NB: The thin design requires support from cabinets across the full width. However, the basin or worktop is strong enough for an overhang up to 100mm without support.

LAMINATE WORKTOPS

All laminate worktops are made of 25 mm laminate-covered particle board with ABS edges.

CABINETS

16mm melamine-coated particle board with ABS edges and PU glue. Matt white and custom colour are MDF finished with moisture-resistant, two-component lacquer, which has a easy to clean surface. Classic cabinets with grooved fronts are made from oak veneer on 15mm MDF.

The cabinets in all styles are supplied as assembled units with adjustable brackets for wall mounting. Vanity units are supplied with aluminium coloured bases and rear bracing panels as standard. Tall cabinets and wall cabinets are also supplied with 4mm glass shelves in smoked glass with polished edges as standard.

Optional extras are available such as push-open on selected cabinets, underlight, built-in LED lighting and accessory packages. For more information on optional extras, please see the price list.

FRONTS

CLASSIC:

The fronts are inset between the cabinet sides (gables) and are available as a framed front with integrated handle or a plain front in 18mm MDF boards finished with moisture-resistant, two-component lacquer. The grooved fronts are 18mm MDF board faced with oak veneer. Fronts with wood decors are 19mm particle board finished with melamine. Integrated handles are made of anodized black aluminum or matched to a custom colour. For custom colours the fronts with integrated handles are painted with moisture-resistant two-component lacquer.

VINTAGE:

The fronts are inset between the gables, curved and available in a grooved version as 21mm MDF boards finished with moisture-resistant, two-component lacquer. Alternatively a softer version is also available. These fronts are 22mm MDF boards with 20° curved edges and an integrated handle, finished with moisture resistant, two-component lacquer and are in front of the cabinet sides (gables).

URBAN:

The fronts are in front of the gables. Wood decors are 19mm melamine-coated particle board with ABS edges. Matt white and custom colour fronts are 18mm MDF finished with moisture-resistant, two-component lacquer. Fluted fronts in matt white and custom colour are 19mm MDF boards and finished with moisture-resistant two-component lacquer.

DOORS

All doors are fitted with metal clip hinges that can be adjusted in 3 directions. Hinges are fitted with integrated dampers that ensure that the doors close softly and silently.

DRAWERS

The drawers have metal sides with concealed drawer runners. They are fully extendable, self-closing and have a soft-close function. The top drawer features a cut-out for waste fittings. The drawers are fully adjustable. Rubber mats are supplied as standard in all drawers.

Optional extras such as power socket, LED lighting in drawers and push-open are available as optional extras. For more information please see the price list.

MIRRORS

Frames for mirrors in white and black are powder-coated aluminium while the brass finish is anodised aluminium.

All mirrors come with adjustable fittings for the perfect result.

All mirrors are IP44-rated.

Pre-installed anti-mist pad can be added to all mirrors except the Soft mirror.

The pre-installed anti-mist pad is turned on / off with the light control.

MIRROR CABINETS

All mirror cabinets come with lighting control, an electric socket and a twin USB port. The double-sided mirror doors have adjustable hinges. A round 5x magnifying mirror which can be placed on the inside of the door is included. Mirror cabinets are melamine-covered particle board construction with 4mm movable, tinted glass shelves

All mirror cabinets are IP44-rated.

Underlights to provide light onto the basin area and interior lights are available as extras for selected mirror cabinets.

Wooden trays for small items are available as extras for mirror cabinets.

WIRELESS LIGHTING CONTROL FOR MIRRORS AND MIRROR CABINETS

Wireless lighting control may be added to mirrors and mirror cabinets so that they can control other mirrors and mirror cabinets with a wireless lighting control device. Plus ceiling lights, pendants and Illumi shelves with lighting control and a wireless receiver can also be linked. The control is reciprocal so that two mirrors or mirror cabinets can control each other's lights.

The wireless system is a closed 2.4 GHZ system that does not require Internet access or a router so doesn't create interference with other wireless systems. See more information about installation, pairing and the system range in the installation instructions for the products at dansani.co.uk

CEILING LIGHTS, PENDANTS AND ILLUMI SHELVES

12V system with dimming and colour temperature from 2,100-6,500 Kelvin controlled from the mirror or mirror cabinet. NB: Requires a Dansani wireless receiver built into the ceiling that can control up to 4 Jupiter spot lights or 5 ceiling / pendant lights. If more ceiling lights/pendants are required more wireless receivers must be purchased.

NB: Will only function when paired with a Dansani mirror or mirror cabinet with built in wireless light control or a remote control for wireless lighting control.

DRAWER LIGHTS

Additional lighting running the width of the drawer with a set colour temperature of 3,150 Kelvin automatically turns on when the drawer is opened and are angled downwards into the open drawer to avoid dazzling the user. The drawer lights are IP44-rated.

UNDERLIGHT AS A NIGHT LIGHT

Underlights (or downlights) in vanity units have a built-in motion sensor on which the range and timer for the lighting can be set. The downlight turns on automatically when motion is detected and is the perfect night light. The sensor comes with a cable with one additional connection so that a side cabinet with downlight can be connected to the same sensor. The sensor can be purchased separately for subsequent installation with the downlight in other cabinets. If you choose a mirror or mirror cabinet with lighting control you can also order downlights for tall cabinets. By adding wireless lighting control the lighting brightness and colour in these cabinets adjusts with the mirror or mirror cabinet.

See more information about installation, pairing and the system range in the installation instructions for the products at dansani.co.uk

ENERGY LABEL AND PRODUCT DATA SHEET

Can be downloaded by searching for the relevant product at dansani.co.uk or by requesting a printed copy.

LIGHTING IN GENERAL

Dansani develops its own LED lighting with low power consumption and very high quality light to reproduce colours correctly (Ra 90-95).

Dansani makes an effort to ensure a long life expectancy by designing lighting products so that drivers and LEDs can dissipate the heat, but it is important to note that the life expectancy is significantly reduced if the light is constantly left on.

All mirrors and mirror cabinets come with 12V incremental lighting control from a very warm light of 2,100 Kelvin to a cool light of 6,500 Kelvin and gradual dimming. The most recent setting is remembered when the light is turned off and remains off for a min. of 5 seconds

IP44 CLASSIFICATION

At Dansani your safety is our priority. All the electrical components in our furniture have therefore been pre-fitted to guarantee safe installation. At the same time, we wish to give you an opportunity to maximise the use of the space in your bathroom. Consequently, we have a wide range of IP44-rated products so you can place your furniture as close as possible to the water source while retaining all the storage space you need. For more information, see "Ranges" at dansani.co.uk

All of our furniture with electrical components is also CE-certified with labels showing the product classification. We recommend that you have the installation carried out by an authorised electrician in compliance with current legislation.

WOODEN TRAYS

Functional storage trays for drawers and cabinets that can be placed where required. The wooden trays are over-veneered oak plywood and finished with a natural varnish.

HANDLES

Our furniture is supplied without handles. These can be ordered as optional extras from our wide range of handles, each with their own design, colour and look.

FITTING INSTRUCTIONS

Are included with all orders.

WARRANTY

There is a 10 year warranty against manufacturing defects. On heated towel rails there is a 5 year warranty. Consumables and normal wear and tear are not covered.

For further information regarding warranty, quality and tolerances please visit dansani.co.uk

PRACTICAL INFORMATION

BEFORE ORDERING LUNA

The furniture is produced to order. Therefore we have a lead time of 2-3 weeks for standard finishes and 6-7 weeks for bespoke items and custom colours.

– Always indicate carcass colour.

– Remember accessories such as handles, push-open, built-in lighting and trays in drawers.

BEFORE INSTALLING LUNA FURNITURE

Please read the fitting instructions carefully before commencing installation. All plumbing work should be carried out by a competent plumber. All electrical connections must be made by a qualified electrician. Please note that the dimensions of the basins are subject to variation within the margins indicated. Fitting of the product signifies acceptance of the quality.

MAINTENANCE

Please always read the folder (enclosed with the furniture on delivery) which contains advice and instructions on the maintenance of your furniture. Always read the instructions and declaration of contents of any cleaning agents before you use them on your new furniture.

Cleaning materials containing abrasives and strong acids should not be used. Please make sure that basin and furniture are dried after use. This will make the cleaning easier and avoids your furniture being damaged by moisture.

GENERAL

Dansani reserve the right to make any alterations to the products and make product improvements without prior notice. Dansani cannot be held liable for errors due to misprints. Dansani have an ongoing policy of design, development and improvement, we therefore reserve the right to modify specification and prices without prior notice. **Special orders and furniture that has been fitted cannot be returned.**

Please visit www.dansani.co.uk for further information.

MIDO⁺ & THE ENVIRONMENT

CLEAN & EASY ON THE EYES

DANSANI MIDO⁺

Mido⁺ is clean, simple design for any size bathroom, at a fair price. You get excellent value for money and well thought-out Danish design, made in Denmark.

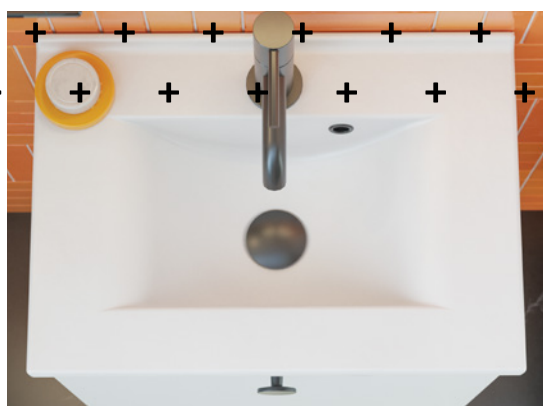

Simple, up-to-date designs and materials ensure that your bathroom regime can withstand mascara splodges or breezy bubbles day after day.

The drawer runners will stand up to enthusiastic teenagers or curious toddlers. Mido⁺ has lots of functionality to brighten up your daily routine.

The round shape of the Bright light is on-trend with current styles for soft shapes, and the really clever thing is that the same light can be used as a mirror, wall or pendant light.

Create extra impact with the Present mirror and accompanying shelf. Mirrors for decoration are another trend and the tinted effect on both mirror and shelf helps create the look in this bathroom.

DOORS OR DRAWERS

IN A SIZE THAT FITS

With Mido+ you can choose vanity units with either doors or drawers.
Our drawer solution is available in two different depth projections.

DOORS

Mido+ is about value for money & vanity units with doors help you achieve this.
There is plenty of shelf space and the doors have practical soft-close fittings.
The quality is the same whether you choose doors or drawers – and we offer a
10-year warranty so you can count on it lasting for many years.

THE GREAT THING ABOUT DRAWERS

You can see everything all at once because they fully extend when open.
This is practical for locating your belongings and everything can be organised in the
smart, practical wooden trays. Again the drawers are soft-closing of course.

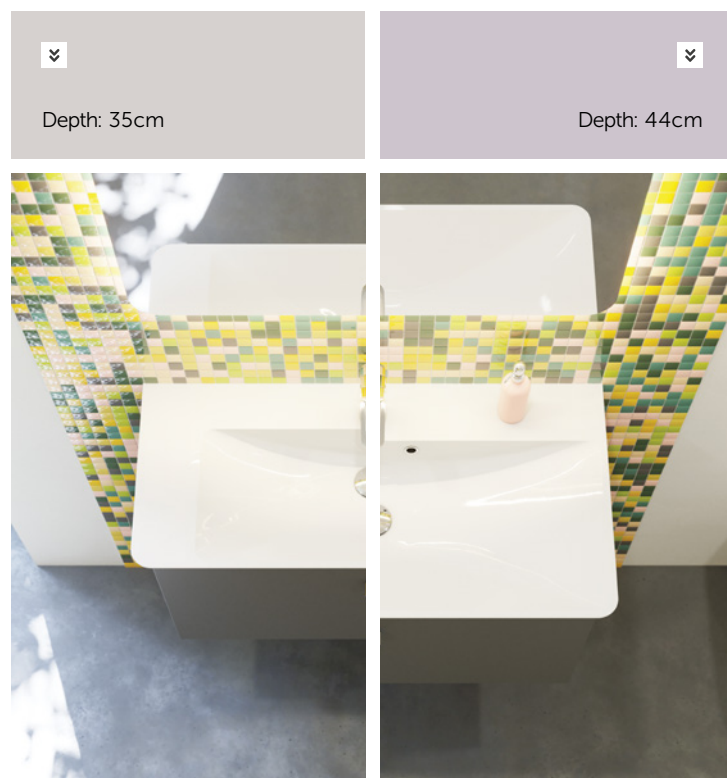

DRAWER

1 drawer - W 60 · 80 · 100 · 120 · 120Dcm / D 44cm / H 40cm

CHOOSE BETWEEN

TWO DEPTHS

Is your bathroom narrow? Then choose a vanity unit that is just 35cm deep, but as wide as you have space for. The classic and practical Lotto porcelain basin or as shown here the new Marbelique marblecast basin are both great choices for narrow bathrooms.

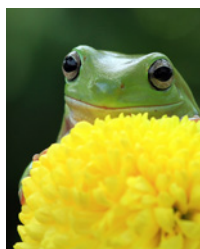

Depth: 35cm

Depth: 44cm

Is a large basin with deeper bowl the most important thing for you, or are you more into extra countertop space to the side of the bowl? See an overview of Mido+ basins on p. 182.

SMART CHIC MIRROR SHELF

This is how smart and simple it can be - the nifty little Chic metal shelf floats in front of the mirror and is perfect for holding accessories or your favourite diffuser.

FURNISHING IDEA:

Keep the bathroom furniture in neutral shades and enhance your design with colours on the walls. It is easier and more economical to change the colour on painted walls if you feel like changing the mood.

HERE YOU GET

LOTS OF STORAGE SPACE

The practical wall cabinets are not just decorative, as there is lots of space providing an excellent overview for all your personal belongings. See more details about wall cabinets and tall cabinets on the next page.

The Lotto basin has a soft, round shape and a generous bowl area providing plenty of space. Mido+ porcelain basins are strong and long-lasting, while being incredibly easy to clean.

THE PERFECT DRAWER ARRANGEMENT

Smart looking and extremely practical. The drawer accessory pack in oak makes it easy to keep track of all those smaller items we use in the bathroom.

Lighting in the drawer creates ambience and provides a much better overview of the contents. The light is supplied with a USB cable for recharging.

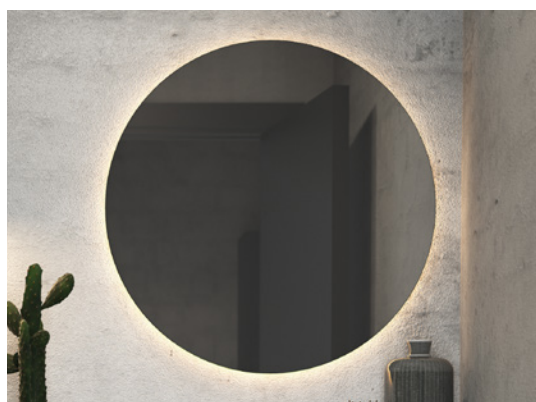

MIRRORS

THE IDEAL
FRAME

Smile – we have the perfect mirror and the right natural lighting for doing your makeup and hair, so you leave the house looking the way you planned to. And it's a bonus that the mirror and lighting are available in attractive designs, so besides helping you to look good, they make your bathroom look good too.

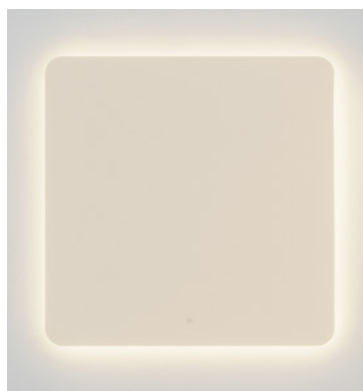

With built-in lighting at the top and bottom of the mirror or all the way round, you avoid shadows disrupting your view.

A TIP ABOUT SUSTAINABILITY

Dansani mirrors and mirror cabinets are not just on-trend, functional and smart – they are also of extremely high quality. Plus they are long lasting and therefore more sustainable.

A TIP ABOUT EVERYDAY JOY

If you are tired of your mirror steaming up when you take a bath, make your life easier by choosing a mirror with an anti-mist pad.

MIRROR CABINETS

DOUBLE UP WITH A MIRROR CABINET

All the advantages of a mirror with smart storage space for your favourite perfumes and creams, the household pharmacy and not least your electric toothbrush and shaver. It is a great way to avoid clutter around the basin. Plus with a mirror on the inside of the doors you can see yourself from all angles.

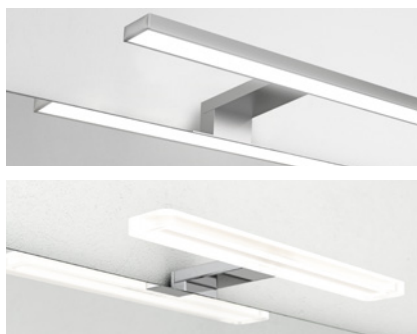

Of course our mirrors and mirror cabinets come in a range of sizes to match your furniture.

You can position the round magnifying mirror precisely where it suits you in the mirror cabinet. Be careful, however, not to obstruct the shelves.

All Mido+ mirror cabinets have built-in sockets for your electrical accessories and a switch to control the light.

Libra & Vela lights have been specially developed for Select mirrors and mirror cabinets and are available in sizes to complement the width of the mirror. So you are sure of uniform lighting all over the surface of the mirror and don't need to move around into the light. Libra is available both in black and classic chrome, as shown here.

EXTRA STORAGE SPACE

TALL CABINETS & WALL CABINETS

Avoid clutter in the bathroom with plenty of practical storage space with everything right where it belongs. Then the bathroom is a daily delight for everyone. Towels, underwear, the laundry basket – a tall cabinet is an ideal place to store it all and if you choose the 40cm wide cabinet there are three easily accessible shelves on the door, so you can always keep track of bottles and containers.

The standard version of tall cabinet is supplied with 4 glass shelves and one wooden shelf.

MIRRORS AND MIRROR CABINETS

SEE WELL & LOOK GOOD

See yourself in the most natural light when putting on your mascara or doing your hair. This will avoid nasty surprises when you step out into the daylight. We have met this challenge with a range of mirrors and mirror cabinets with high quality lighting. Here is an overview and note that all models are available in sizes to match the width of your furniture.

COLOURS

HOW DO YOU WANT IT TO FEEL?

Clean and simple, with smooth, white fronts or perhaps a darker, more striking style in black structure? There is also warm oak, which will give you the every day feeling of being in harmony with nature. Choose your colour and finish according to the look and feeling you're going for in your bathroom.

SET THE STYLE WITH HANDLES

Settle for the classic Base* handles in chrome – supplied as standard with all furniture. Or create something a little more special, perhaps adding a feminine knob style handle in white or brass. Or how about the on-trend new Shell and Wing models in brass colours or one of the new Natura knob style handles in light or dark wood?

**A TIP ABOUT SUSTAINABILITY**

At Dansani we are always looking to new materials that are better for the environment. The black Button handle is produced using OceanIX Plastic, which is recycled plastic from, for example, old fishing nets.

SINGLE OR DOUBLE BASINS

A substantial deeper basin, an extra large basin, or what about a double basin when there are often two people in the bathroom? We offer lots of basin choices. Classically tall, or minimalist and sleek? Choose the basin to match your style. See an overview here.

NO FIGHTING FOR SPACE

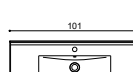

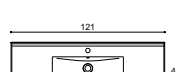

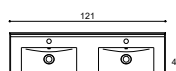

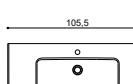

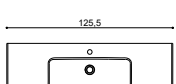

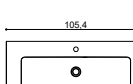

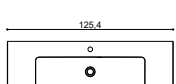

A double basin is a brilliant solution when there are a number of children, all needing to brush their teeth or wash their hands or when a couple of adults in a hurry need to get ready at the same time. It makes for less stress during morning and evening routines and every day is a little more calm.

SANITARY PORCELAIN / SOFT, ROUNDED EDGES AND AN EXTRA HARD-WEARING SURFACE

Sanitary porcelain is a strong ceramic material, designed with soft, rounded edges, on both the basin and the worktop. The surface is smooth and hard, while the rounded edges make it easy to clean. Basins in sanitary porcelain only require a minimum amount of maintenance – even after many years of use.

MARBLECAST / STRAIGHT SIMPLE EDGES WITH A DURABLE SURFACE

Marblecast slabs are moulded from a heavy polymer resin mixed with crushed marble. Then a durable gelcoat is applied. The final surface finish consists of a protective coating that makes the surface hard and smooth and not least easy to clean. A marblecast basin can handle a sharper form and has greater uniformity than a porcelain basin - plus the durability is of course top notch.

MIDO+ &

THE ENVIRONMENT

MATERIALS FOR CABINETS, DOORS AND FRONTS

Mido+ bathroom furniture consists of melamine-covered particle board. If you choose the white matt decor, the front of the furniture is a foil-covered MDF board.

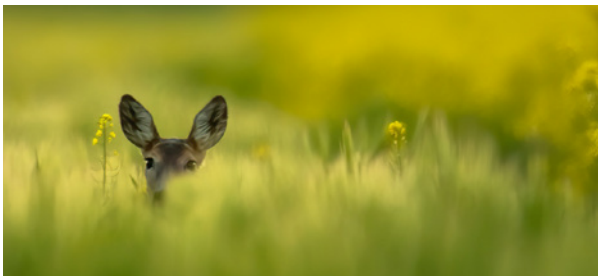

Recycling is high on the list of priorities at Dansani. The melamine-covered particle board we use for Mido+ consists of 2/3 recycled wood. The particle board that is not recycled for the production of new boards is incinerated and generates energy for production, so nothing goes to waste.

The white matt and high-gloss fronts are PVC-free, foil-covered MDF boards where 40% of the foil is recycled material, so the environment is obviously an important factor.

All new wood that is part of the board production is from sustainable forestry, and a total of 93% of all wood material in our furniture is now certified with full traceability. Obviously, our goal is 100%.

Dansani A/S is now PEFC Chain of Custody certified - PEFC/09-31-216. By sourcing PEFC-certified wood, we support the sustainable management of forests globally. We have a plan to offer all our ranges as PEFC-certified, and already now a number of our bathroom furniture is available as PEFC-certified.

BASINS

The Mido+ basins made of sanitary porcelain are durable and have a long lifecycle. They can be used e.g. in granulated form for road fill or in other processes eliminating the risk of discharging hazardous substances. They can also be recycled to make new basins if a return programme exists.

LIGHTING AND MIRRORS

All light sources are energy-efficient LED lighting with a life of 20 years with 4 hours of daily use. And when the light has served its purpose, it is easy to dismantle and dispose of in an environmentally friendly and correct way.

All mirrors are of high quality and therefore have a long life.

We're constantly introducing new initiatives - stay tuned here.

CLEANING AND CARE

Contents	Description	Art. no.	Price £
100 ml	Wood care for trays, white wash effect	0191050	23.-

PRODUCT INFORMATION

PORCELAIN BASINS

Dansani porcelain basins are manufactured from sanitary porcelain, a strong, glazed ceramic material. When fired at approx. 1220°C, the glaze melts to form a hard and smooth surface which is easy to clean.

MARBLECAST

Marblecast slabs are moulded from a heavy polymer resin mixed with crushed marble. Then a durable gelcoat is applied. The final surface finish consists of a protective coating that protects the marblecast from scratches and against commonly used cosmetics and hygiene products. The surface is hard and smooth and easy to clean.

CABINET CARCASS

16 mm plain melamine coated particle board with ABS-edging and moisture-resistant PU glue. The furniture is supplied fully assembled with brackets for installation. White back panels in all white tall units and aluminium finish back panels are supplied in all other decors. 4 mm glass shelves in tempered safety glass with polished edges are delivered as standard in all tall units. The tall unit also comes with one wooden shelf. Vanity units with shelf and base in aluminium finish.

DOORS AND FRONTS

18mm foil wrapped MDF fronts for cabinets in matt white and white gloss have R-PET (Recycled Polyethylene) foil, made from 40% recycled plastic, while other finishes are supplied with fronts in 19mm melamine coated particle boards with ABS edges and moisture-resistant PU glue. All doors are mounted with metal clip-hinges, which are adjustable in 3 directions. The doors are supplied with soft closers to ensure doors close gently and silently.

DRAWERS

The soft closing drawers have metal sides and when open they are fully accessible. They close gently due to the integrated soft closing mechanisms. The drawers are fully adjustable.

MIRRORS

All mirrors have energy-saving LED lighting and are IP44 approved. Supplied with wall fittings. Mirrors have an optional anti-mist pad to reduce mist build up.

MIRROR CABINETS

All mirror cabinets are supplied with integrated socket, double-sided soft closing mirror doors and glass shelves in tempered safety glass as standard. Gables in 16 mm melamine coated particle board, top and base in aluminium finish. The mirror cabinets have energy-saving LED lighting and are IP44 approved. Energy rating labels and product data sheets can be downloaded from the product database at dansani.co.uk or a hard copy can be requested.

DRAWER DIVIDERS

Functional drawer dividers for drawers that can be placed where required. The trays are made of solid oak. We recommend our wood care oil, which gives a beautiful whitewash finish, to maintain the life of the trays.

HANDLES

We supply a chrome Base handle with all units as standard. This is included in the prices shown.

Wooden handles can vary in both texture and colour which is a characteristic of wood products. This means that natural variance in wood or colour may occur and these cannot be considered a defect in the product. Genuine wood veneer reacts to sunlight and colour changes will occur over time.

FITTING INSTRUCTIONS

Are included with every delivery.

WARRANTY

There is a 10 year warranty against manufacturing defects. Consumables and normal wear and tear is not covered.

For further information regarding warranty, quality and tolerances please visit dansani.co.uk.

PRACTICAL INFORMATION

BEFORE YOU FIT THE FURNITURE

Please read the fitting instructions carefully before commencing installation. All plumbing work should be done by a competent plumber. Please note that the dimensions of the porcelain basins are subject to variation within the tolerances indicated.

MAINTENANCE

Please always read the folder (enclosed with the furniture on delivery) which contains advice and instructions on the maintenance of your furniture. Always read the instructions and declaration of contents of any cleaning agents before you use them on your new furniture. Cleaning materials containing abrasives and strong acids should not be used. Please make sure that the basin and furniture are dry after use. This will make cleaning easier and prevents your furniture being damaged by moisture.

GENERAL

Dansani reserve the right to make any alterations to the products and make product improvements. Dansani cannot be held liable for errors due to misprints. Special orders and furniture that has been fitted cannot be returned.

Please visit dansani.co.uk for further information.

INSTALLATION GUIDE

For more information on installation and first-fix measurements check under each product at dansani.co.uk or at dansani.co.uk/installation.

MATCH

204 INSPIRATION

224 DESIGNING A SMALL BATHROOM

225 MATCH & THE ENVIRONMENT

Elegant and timeless look featuring slim, rectangular profiles in satin or matt black finish.

Height of 200cm provides adequate protection, especially if the shower head is installed on the ceiling.

Easy cleaning and maintenance with EasyCare treatment on the inside.

6mm clear safety glass. Selected models also available with frosted glass.

Both standard and asymmetric solutions are achievable, to make optimal use of space.

Perfect installation on off-square walls and on uneven flooring through various adjustment options.

All models are reversible without having to adjust them or use tools.

DANSANI MATCH

Create a shower solution that fits your bathroom perfectly, no matter its size and shape. You can easily find a combination from 6 different types of doors and fixed shower panels.

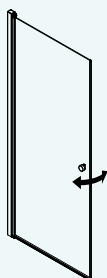

COMBINE FOR AN ENCLOSURE

THE WAY YOU WANT IT

The Match shower series consists of 6 basic models along with the practical Tower storage unit, which can be combined to form the exact shower solution to suit your bathroom. All models are supplied with profiles in black or satin, and they are reversible, so you do not need to differentiate between a right or left-handed model.

All Match models except C and H, can be combined with the smart Tower unit. Tower avoids clutter in the shower area and integrates seamlessly with the panel or door for a complete solution.

All models are 200cm high.

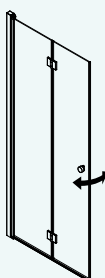

A - HINGED DOOR

70 / 80 / 90 / 100cm

Can be combined with Tower

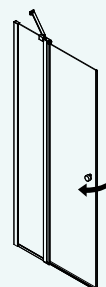

Selected models also available with frosted glass

B - BIFOLD DOOR

70 / 80 / 90 / 100cm

Can be combined with Tower

C - HINGED DOOR WITH IN-LINE PANEL

90 / 100cm

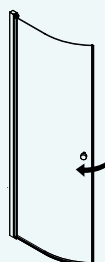

D - FIXED SHOWER PANEL

50 / 70 / 80 / 90 / 100 / 120 / 140cm

Can be combined with Tower

Selected models also available with frosted glass

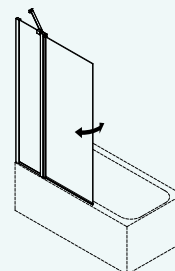

E - QUADRANT HINGED DOOR

80 / 90 / 100cm

Can be combined with Tower

Selected models also available with frosted glass

H - BATH PANEL WITH HINGED DOOR

100cm

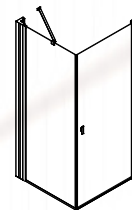

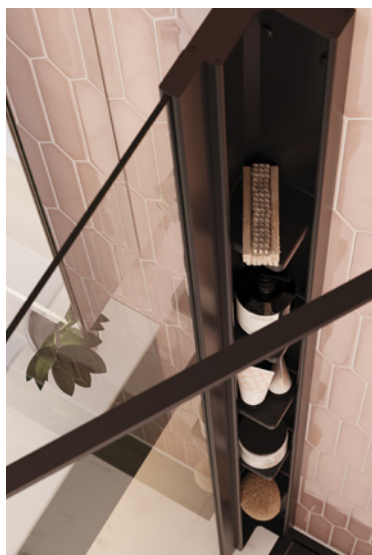

TIPS FOR SMALL BATHROOMS

Match is the perfect choice for the smaller bathroom. Save space by pushing closed or folding away the doors when not in use. Or select a fixed shower enclosure that you can install fixtures right up to. Get more interior design inspiration for small bathrooms on p. 224.

»

HINGED DOOR AND FIXED SHOWER PANEL WITH TOWER

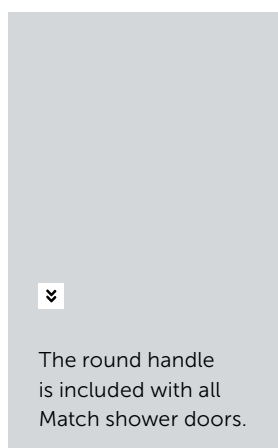

Classic combination of a fixed shower panel with the practical Tower storage unit with a hinged door. The practical solution here is that you can place furniture closer to the fixed shower panel, and use the space for a wider basin or an extra cabinet.

**90Cm A + D + 3 + Tower - Clear glass, matt black**

Hinged door 469.- Art. no. A91-03 / Fixed shower panel 469.- Art. no. D81-03 /
Wall support 75.- Art. no. 1603508 / Tower 255.- Art. no. 1603577 /
Flow handle 29.- Art. no. 1603641

SIMPLE & FLEXIBLE

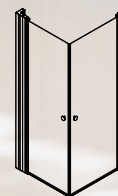

When the enclosure is not in use the doors simply fold back into the corner freeing up valuable space in small rooms.
Here the Tower storage unit has been added and the clever shelving system avoids clutter in the shower area.

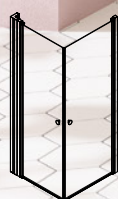

80cm A + A + Tower - Frosted glass, satin

Accessories: Squeegee 35.- Art. no. 1600162

FURNITURE NEXT TO YOUR CORNER SHOWER

Make use of the space right next to your corner shower by choosing a hinged door with an in-line panel. The short fixed side panel allows furniture to be fitted close to the corner shower. When you are not using the shower, the doors can be pushed in, to give you more room.

A hinged door with in-line panel is supplied with a wall support as standard.

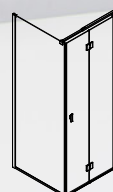

FIXED SHOWER PANEL AND BIFOLD DOOR

Very practical in a small bathroom, as the door opens inwards into the wet area. No water drips onto the floor outside – the perfect way to start or end the day.

80cm B + D + 4 - Clear glass, satin

Bifold door 567.- Art. no. B81-01 / Fixed shower panel 469.- Art. no. D81-01 /
Telescopic support rail 75.- Art. no. 1600503 / Flow handle 29.- Art. no. 1600641

EVERYONE HATES BATTLING

WITH SCALE AND GRIME

All glass in the Dansani shower series is given a hard-wearing and environment-friendly EasyCare treatment, which prevents scale and grime buildup – even after being wiped 30,000 times. Simply wipe the glass over with a soft cloth after use, and your glass will look great for many years to come.

EasyCare is an environment-friendly German product, and certified by the independent SGS Institut Fresenius laboratory in accordance with OECD Guideline 2009.

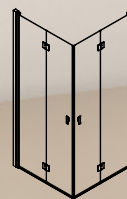

GOODBYE TO SHOWER CURTAINS

This elegant bath screen means no more shower curtains, and it creates a far more spacious feeling in the room. The glass screen can fold in towards the shower, so it takes up the least possible space. Supplied with wall support.

100cm H - Clear glass, satin

Bath panel with hinged door 469.- Art. no. H100-01

90cm B + B - Clear glass, matt black

Bifold door 567.- ea. Art. no. B91-03 / Flow handle 29.- ea. Art. no. 1603641

BIFOLD DOORS ARE SPACE SAVING

A smart solution where both doors can be folded in when you are not using the shower enclosure, so they take up as little space as possible in the room. The bifold door can also be combined with other doors and fixed shower panels.

On the inside of the bifold door the hinge is concealed and flush with the glass panel. Beautiful, practical design in action.

SOFT CURVES

Discover a shower solution that combines simplicity and style with two elegant quadrant doors. Our design allows the doors to open both inwards and outwards, creating extra space in the room when the shower enclosure is not in use.

The simple profiles conceal a rise and fall hinge, as well as an adjustment to ensure the doors work perfectly every time. A cover cap finishes the overall look.

90cm E + E + Tower - Clear glass, satin

Quadrant hinged door 469.- Art. no. E81-01 / Quadrant hinged door 469.- Art. no. E91-01 / Tower 255.- Art. no. 1600570

A SMART

RECESSED SHOWER

Choose from 3 different models according to your requirements, all of which of course have adjustment to suit the width of your opening. Adjustment is possible on both sides. For example, create extra width by adding wall profile 1 to the open side and at the same time adding an extension profile to the hinge side of the door. Get the full overview of the options and exact solutions on page 239.

HINGED DOOR WITH IN-LINE PANEL

A smart recessed shower lets you place furniture closer to the shower while making optimal use of the space.

BIFOLD DOOR

A practical solution in a small bathroom, as the door opens inwards, and keeps the water in the shower area.

80cm B + 1 - Clear glass, satin

Bifold door 567.- Art. no. B81-01 / Wall profile for recess 193.- Art. no. 1600501

HINGED DOOR

For even the smallest of rooms using the Match hinged door provides an effective showering solution - even in the guest room. Simply fold the door against the wall when not in use, and open up when required.

80cm A - Clear glass, satin

Hinged door 469.- Art. no. A81-01 / Flow handle 29.- Art. no. 1600641

Accessories: Squeegee 35.- Art. no. 1600012

ANOTHER TYPE OF RECESS

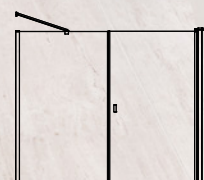

A very elegant solution for a larger recess combining a door and fixed panel. The Tower storage unit also helps keep order in the shower area by adding practical storage space for shampoo, soap and whatever else you need in your bathroom.

100Cm A + D + 3 + Tower - Clear glass, matt black

Hinged door 469.- Art. no. A91-03 /
Fixed shower panel 469.- Art. no. D101-03 /
Wall support 75.- Art. no. 1603508 /
Tower 255.- Art. no. 1603570 /
Flow handle 29.- Art. no. 1603641

Accessories: Squeegee 35.- Art. no. 1600162

Purchase the exclusive Flow metal handle to create a fantastic new look for your shower enclosure.

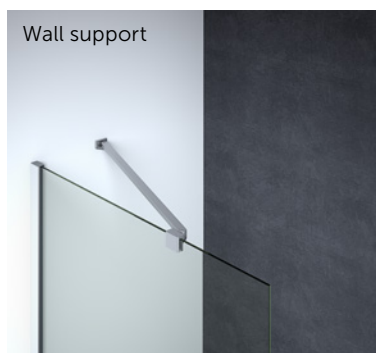

ELEGANT & COMPLETELY

FREE

A fixed shower panel is the perfect choice for those looking to create a minimalist solution. With different support options you can choose the solution that aesthetically appeals to you. For example, a telescopic rail is quick and simple to set up.

While the shorter support arm gives a cleaner look.

All solutions are equally sound.

Fixed shower panels are supplied with a floor profile which keeps the water inside, and a floor bracket that gives a light, floating effect. You choose which solution you want to use.

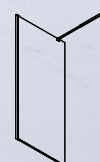

80cm D + 4 - Clear glass, matt black

Fixed shower panel 469.- Art. no. D81-03 / Telescopic support rail 75.- Art. no. 1603503

Accessories: Squeegee 35.- Art. no. 1600162

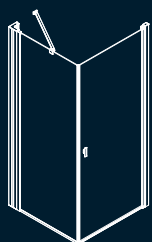

PLENTY OF SPACE WITH A WALK-IN SHOWER

For plenty of space and room to move around, this walk in wetroom enclosure is perfect providing an elegant solution with a very open minimalist look. With two telescopic support rails and a connector kit the solution is secure as well as attractive.

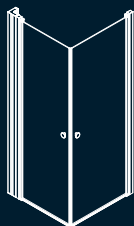

MIX & MATCH YOUR OWN SHOWER ENCLOSURE

FURNISHING TIPS FOR SMALL BATHROOMS

Here you can find inspiration for making optimal use of space, if you have a very small or narrow bathroom. Many Match models allow you to place furniture closer to your shower solution, so there is room for a wider basin or an extra cabinet. The code under each solution refers to the door model and its width, and we have incorporated the Tower storage unit where possible - it is really important to be organised when space is limited.

MATCH ADJUSTABLE PIVOT HINGE - PROBLEM SOLVER

It is also possible to install shower enclosures even when the shower doors don't line up or the walls are off square as shown in solution E81+Tower+E81. The pivot hinge can be adjusted so the doors then close to this position. See fitting instructions.

MATCH & THE ENVIRONMENT

MATERIALS FOR MATCH SHOWER

For the Match shower we use quality 6mm safety glass that has been coated with the tough and environmentally friendly EasyCare treatment. The glass will last for many years and our glass has also been tested to meet the EN 14428:2015 & EN12150 requirements in relation to stability and toughened glass.

PROFILES

The profiles are a strong aluminum alloy and are produced using 25% recycled aluminum. This alloy has an incredibly long life expectancy as well as great functionality and design benefits, while the recycling properties are almost endless.

We're constantly introducing new initiatives - stay tuned here.

MODEL 1 – WALL PROFILE FOR RECESS FOR DOOR A, B AND C

Wall profile 1 for recess for use with door A, B and C and allows you to add 20mm. Combined with the hinge profile, which also can add 20mm, this gives it a total adjustment of 40mm in width.

If you need additional width you can add an extension profile - see accessories.

MODEL 8 – WALL PROFILE FOR RECESS FOR DOOR A, B AND C

Wall profile 8 for recess for use with door A, B and C. To be used where less adjustment is required for a neater look. Please note that using this profile means there is adjustment of only 20mm on the hinged door.

MODEL 9 – SEAL FOR DOOR A, B AND C

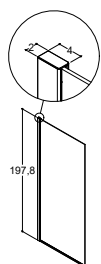

Seal 9 for use with door A, B or C. Where a wall profile is not required for a recess on the wall opposite the hinge, to give a light, elegant installation. Note that with the narrower installation, there is only 20mm adjustment on the door on the hinge side.

Please note this will increase the overall width by 33mm on each side.

X = MAX 25 mm

PRODUCT INFORMATION

MATCH HINGED AND FIXED SHOWER PANELS

All Match hinged doors and fixed shower panels have been tested to comply with EN 14428:2015 in relation to toughening of glass, stability and water tightness classification.

GLASS

6mm hardened safety glass complying with EN12150 with EasyCare treatment on the inside. Clear glass and some models in frosted glass.

PROFILES

Strong aluminium alloy with hard-wearing satin-anodised or matt black powder-coated surface.

HINGES

Rise and fall hinges that open both inwards and outwards at 180 degrees. The door is held open at 90 degrees either way. Inside the hinge a waterproof seal has been added.

MAGNETIC PROFILES

One removable magnetic profile is supplied with every door and fixed shower panel, that can be combined with profiles across the range. Once the magnet has been activated twice the polarity is set so the two magnetic seals work together. The magnet is located inside a PVC profile, with a matt surface to ensure they do not stick together during prolonged times of little or no use. The angled magnetic catch ensures perfect closure every time. The profile can be fitted in both left and right-hand applications, without the need for tools.

FIXED SHOWER PANEL

The glass panel can be adjusted by 20mm at the wall profile, and is fixed in place with PVC profiles inside the aluminium profile. The floor profile can be adjusted up to 6mm horizontally and using the spacers provided to suit, 12mm vertically. Alternatively, a 12mm adjustable floor bracket can be used for wet room solutions where no seals are required.

DOORS

On models A, B and E the hinge can be adjusted by 20mm at the wall profile for off-square applications. On fixed shower panel models C and D the glass panel is adjusted within the wall profile as it is for fixed shower panels. The floor profile can be adjusted up to 6mm horizontally using the predrilled slot.

HANDLES

Knob style handle in chrome plated or matt black ABS plastic included as standard with all shower doors. Purchase as an extra the longer Flow handle in a zinc alloy - in chrome or matt black.

FITTINGS

Floor brackets and fittings for telescopic support rail and wall support in zinc-aluminium, chrome-plated or matt black powder coated. End caps for profiles and various fittings in chrome-plated or matt black ABS.

TELESCOPIC SUPPORT RAIL

Strong alloy rail with hardware, satin-anodised chrome-plated or matt black powder-coated surface with concealed wall fixing bracket. The support rail also has a concealed fixing to the profile and is adjustable from 60 to 100cm.

WALL SUPPORT

Strong alloy wall support with hardwearing, satin-anodised chromeplated or matt black powder-coated surface with fittings in chromeplated zinc aluminum.

SEAL

Clear or matt black PVC seal used with doors at floor level can easily be replaced if required over time. Taller seals can also be purchased separately if required for certain applications.

LEAD-TIME

All Match models are in stock for quick delivery with 1 door/panel in 1 box. All boxes can be handled by one person as they weigh under 30 kg. Accessories like support rails and extra handles are packed separately.

WARRANTY

Dansani offers 10 years warranty against manufacturing defects on all Match models.

UNCOMPLICATED & EXPERTLY DESIGNED

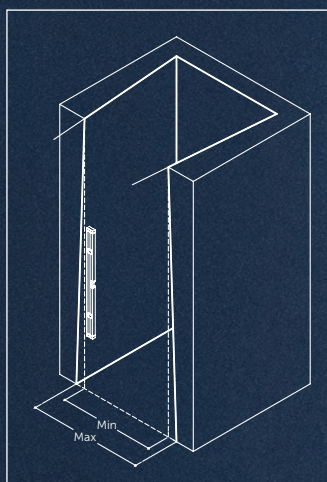

INSTALLATION

It is likely, that the wall in your bathroom is not completely plumb. Maybe it has small deviations. Maybe it is slightly angled. However we don't think that this should cause the installation of your shower enclosure to present problems. Therefore, Dansani Shower is designed with a number of technical features that make it easy for the installer to fit your new Dansani Shower solution, even on very irregular surfaces. With plenty of adjustment options, you are certain to get a perfect result, irrespective of the solution you choose.

MEASURING

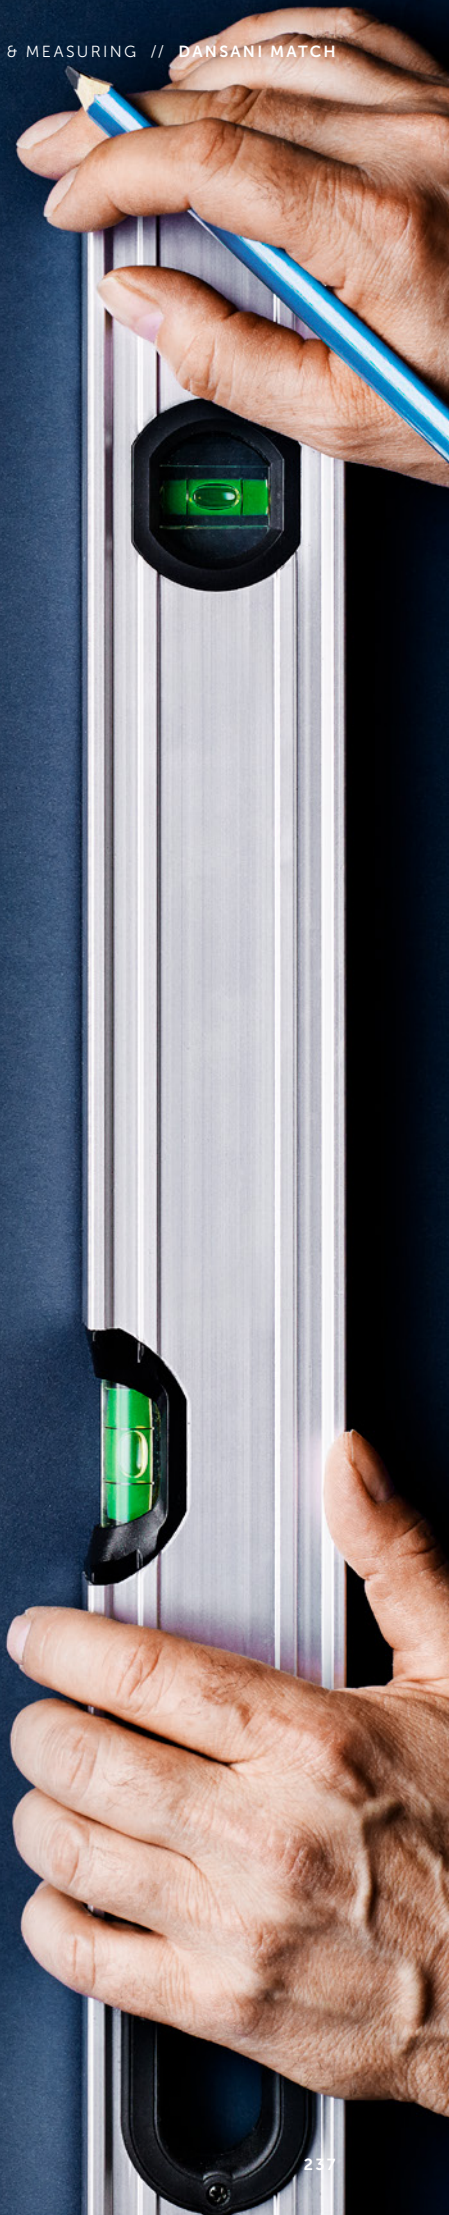

CORNER

RECESS

Irrespective of whether the wall angles in or out, the adjustment becomes the difference between the minimum and maximum measurements. Use a plumbline to determine the difference along the height of the screen. Before ordering, always check that these measurements correspond to the min./max. measurements of the selected model. Please see the price list.

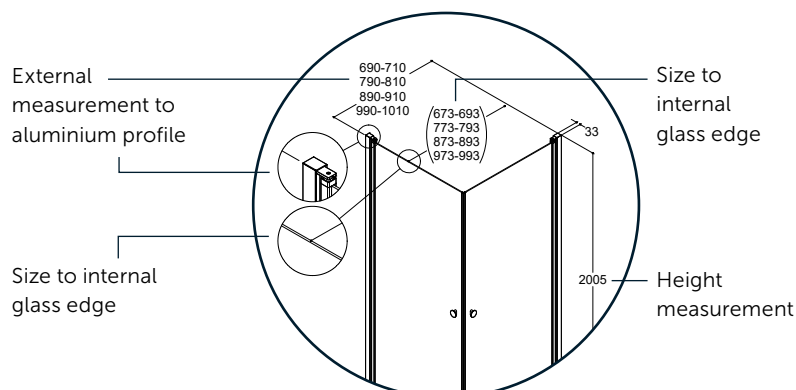

BE FLEXIBLE WITH

MATCH

Get an overview of the size options for corner solutions, recessed solutions and fixed shower panels. The hinge on all doors can be adjusted by 20mm and the same applies to wall profile 1. In addition a choice of profiles provides more width adjustment options.

XXL & THE ENVIRONMENT

MATERIALS FOR XXL SHOWER

For the XXL shower we use quality 8mm safety glass that has been coated with the tough and environmentally friendly EasyCare treatment.

The glass will last for many years and our glass has also been tested to meet the EN 14428:2015 & EN12150 requirements in relation to stability and toughened glass.

PROFILES

The profiles are a strong aluminum alloy and are produced using 25% recycled aluminum. This alloy has an incredibly long life expectancy as well as great functionality and design benefits, while the recycling properties are almost endless.

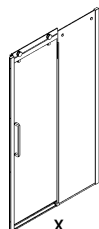

We're constantly introducing new initiatives - stay tuned here.

PRODUCT INFORMATION & DIMENSIONS

XXL SHOWER

All Dansani sliding doors and fixed shower panels have been tested and comply with regulations EN 14428:2015 in relation to toughening of glass, stability and water proofing classification.

All models are reversible and can be used in both left and right hand applications without the need for tools or modifications.

All models are designed for installation on a horizontal surface, floor, or shower base.

The floor profile can accommodate up to 3 mm of floor unevenness, but in this case, support must be provided at 6 support points so that the support lies in a straight line (see installation instructions M1255 + M1256)

GLASS

8mm safety glass according to EN12150 regulations with easy care treatment on the inside. Available in clear glass.

PROFILES

Strong aluminum profile in satin anodized finish. Wall profiles are adjustable.

HANDLES

Shower door handle in stainless steel.

FITTINGS

Wall bracket and brackets for wall support are in chromed zinc-aluminium. Cover caps in chromed ABS.

INSTALLATION

Perfect installation even on off square walls due to the adjustment options.

RUNNERS

The runners are produced in zinc alloy. The fittings for the top bar are made in brass with a refined polished chrome finish.

SUPPORT RAIL

Polished stainless steel with cover caps in chromed ABS. For enclosures with 2 fixed shower panels, 2 wall supports are supplied as standard.

SPARE PARTS

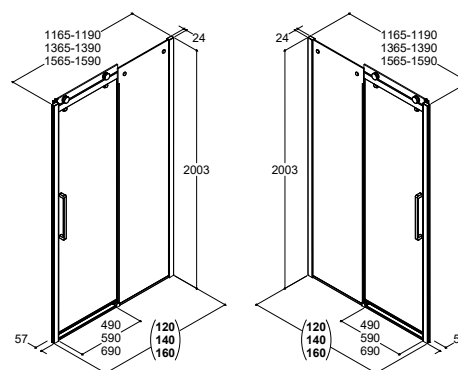

For spare parts please get in touch with your Dansani retailer.

WARRANTY

Dansani offers a 10 year warranty against manufacturing defects on all models.

IF SOMETHING IS WORTH DOING, IT'S WORTH DOING WELL

At Dansani this is our motto. Since our foundation in 1983 it has always been that way and that's how it will continue in the future. We are bathroom enthusiasts through and through and we want to make the bathroom the best room in the house. Therefore our mission is simple - to develop and produce beautiful and well thought out bathroom concepts that create joy in everyday life.

DANISH DESIGN

Danish design is about putting people at the heart of the process – Danish design makes everyday life easier and it's beautiful and simple to look at. For Dansani, it is the embodiment of our designs. It must be easy on the eye, it must work effortlessly and it should create that cosy, home-like feeling.

40 YEARS OF QUALITY CRAFTSMANSHIP

Our craftsmanship is managed in our production facilities in Denmark. We have skilled people with respect for the materials they use and with many years of experience. They engage fully with the products and continuously optimise the processes involved, while delivering high quality work every single day is part of their DNA. They do it exactly so that we are absolutely sure of the quality of what we put our logo on.

ENVIRONMENT & SUSTAINABILITY

We have always categorised all waste and been energy conscious at Dansani and when it comes to our furniture, we make demands on ourselves and on our suppliers. Wood components must be traceable and we keep a keen eye on the proportion of recycled material and not least the energy used in the production of our products. We are honest about the materials we work with and we want to pass on as much information as possible to you as a customer. Read more on our website.
